Taxonomy Changes .....	4

## **Introduction**

This is a minor update to the mammal taxonomy which updates the species distribution data.

This species update requires version 4.1.140 or later of Wildlife Recorder 4. This update is not compatible with Wildlife Recorder 3.

## **Changes to the species database in previous versions**

A complete list of all the changes contained in each version of the species database can be found in the Wildlife Recorder User Area on our website.

## **Changes to the species database since last update (version 16 March 2021)**

### ***Taxonomy Changes***

There are no changes to the taxonomy. This update only contains corrections to the distribution data.
